Future Careers Assembly

Dear Parents/Carers,

As a school, we are always looking for ways to enrich our children's learning and broaden their understanding of the world around them. We would love to help our children discover the wide range of exciting and varied careers that are available to them in the future.

Throughout the academic year, we would like to invite people from different professions and areas of work to come into school and give a short assembly to the children about their job and career. This could be an opportunity to share what their job involves, how they got into their career, what they enjoy about it and perhaps some of the skills and qualities they use in their work.

We believe that hearing directly from people in a variety of careers will help to open our children's eyes to possibilities they may not have considered before and inspire them to think about their own future aspirations.

Do you, or someone you know, have an interesting job or career that you would be willing to talk to our children about? We would be delighted to hear from you!

If you, or somebody you know, would be interested in coming into school to speak to the children, please contact the school office, who will be happy to provide further information.

Thank you for helping us to broaden our children's horizons and inspire them about the exciting opportunities that lie ahead.

Yours sincerely,

Mrs Leach and Miss Mayo
